This report covers the research findings presented in "How School Librarians Help Kids Achieve Standards: The Second Colorado Study" as well as those reported in Fast Facts No. 180 from the Library Research Service, which show that CSAP reading scores increase with improvements in school library programs. Various predictors of academic achievement are reported for the school and its peers. Note that these predictors cannot be explained away by school or community differences. Collaboration and Leadership

Information Technology

Weekly Hours Spent on Collaboration Activities

	Planning with Teachers	Teaching Students	In-Service Training	Reading Incentive Activities	Collection Development
Your School	5	10	2	2	4

Test scores rise in both elementary and middle schools as library media specialists and teachers work together. In addition, scores also increase with the amount of time library media specialists spend as in-service trainers of other teachers, acquainting them with the rapidly changing world of information.

Computers per 100 Students

	Your School	High Schools Avg.	Avg. for Schools 1000-1999 Students
Library Computers w/Internet	6.4	5.8	2.6
