This report covers the research findings presented in "How School Librarians Help Kids Achieve Standards: The Second Colorado Study" as well as those reported in Fast Facts No. 180 from the Library Research Service, which show that CSAP reading scores increase with improvements in school library programs. Various predictors of academic achievement are reported for the school and its peers. Note that these predictors cannot be explained away by school or community differences. School Library Visits per Week

•			
	Your School	Elem. Schools Med.	Med. for Schools under 300 Students
Ind. Student Visits	50	150	128
Visits per Student	0.19	0.44	0.80
Class/Group Visits	20	20	12

Choosing to visit the school library as an individual, separate from a class visit, is a strong indicator of higher test scores.

Hours Open During a Typical Week

When access to school libraries is scheduled flexibly, reading scores improve 13-22%. Flexible scheduling allows students to visit the school library individually.
